SUMMER EXHIBITS IN MARION

Mrs. Ralph Aubin, coordinator for the Marion Art Center, announces that Mrs. Dorothy Owens, John Fallow and John Perkins, exhibition committee, have completed plans for the first of two summer exhibits at the Art Center which was opened to the public on July 4..

The exhibit will travel to Marion from The Children's Art Centre, Rutland Street in Boston. This center is a Red Feather Agency, a haven amidst the clatter and rumble of Boston's busy South End where an art gallery, studio-workshop and highly creative instructors have been available for more than 40 years for boys and girls of the Boston area.

Works of children to be shown have been exhibited throughout the world from Paris, Amsterdam, London to Bombay, Athens to Johannesburg. Most recently the Centre participated in the Korean National Arts Festival. The Children's Art Centre was honored by a visit of the Prince of Denmark who had heard of the worthwhile work that was done at the center. The children's work is currently being shown at The Boston Arts Festival; R. H. Stearns' Tremont Street windows and F. A. O. Schwartz Toy Shop, Newbury Street windows in addition to the Marion Art Center.

MATTAPOISETT, MASS.

ZIP CODE NUMBER

To Patrons of the Mattapoisett Post Office. Our five-digit Zip Code is 02739, Postmaster Alice M. Corey announced toady.

"Everyone in Mattapoisett, Mass. will use this Zip Code on all their correspondence to speed mail deliveries and reduce the chance of missent mail," Postmaster Alice M. Corey said.

Zip Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Postmaster Alice M. Corey stressed the importance of all citizens of Mattapoisett learning this Town's Zip Code and using it in their return address on all correspondence. In answering mail, she said, Zip Codes taken from return addresses on incoming mail should be used.

"The Zip Code is literally the last work in mail addressing," Mrs. Corey said. "It should follow the city and state in addresses."

She cited this example of the proper use of Zip Code:

The new Zip Code plan, Mrs. Corey said, for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees,

to get it to the proper destination," Mrs. Corey said. "Each handling slows the process of Mail Dispatch and adds to the opportunity of human error.

"With Zip Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery."

Mrs. Alice Corey said that when Zip Code is in full swing, the United States will have "the most modern system of mail distribution and delivery in existence."

Dear friends,

We find that many people are not aware of the death benefits provided by Social Security. If the deceased is covered by Social Security, regardless of age, a lump sum benefit is paid equal to three times the amount of the primary monthly benefit.

Under the revised law, this death benefit is not to exceed $255, nor be less than $120.

Respectfully,

Carl C Cornwell

18 YEARS OF PLEASANT CUSTOMER RELATIONS

years ago, zip by, we meet and talk a second and observe the third generation as they become a part of our way of life.

July 1st Joseph Perry was buried having lived a good part of his life in Mattapoisett. Mr. Perry was a member of one of the families who settled here about 1900 to 1910, and was, shall we say, the last of the original folks who came to our town at that time to make this their home, work and become good citizens.
